

## Highland Street AmeriCorps Ambassadors of Mentoring Program

### Freedom House Together We Build Ambassador of Mentoring

#### About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [Highland Street AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

#### Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

#### Host Site Description:

Freedom House's mission is to transform the economic and cultural fabric of high need communities through education and leadership development. We help remove barriers to educational access and success by providing lower-income, minority, and first-generation students with college-level learning opportunities, intense summer college preparation programs, and ongoing coaching throughout college.

#### Project Description:

An Ambassador of Mentoring would oversee functions of the **Together-We-Build (TWB) mentorship program** provided to Freedom House students enrolled in the, (PUSH) Preparing Urban Students for Success in Higher Education High School, College and Summer programs. TWB is designed to provide support of a community professional who reinforces the college-going messages of PUSH by developing skills, strategies and a support system through social and emotional development. TWB matches a college and high school student with a mentor in a mentorship triad to fortify the college going messages and present a new level of accountability for the high school and college students. The goal is to have 20-25 mentorship triads.
