

Support Mass Mentoring Partnership in Building the Mentoring Movement

Please join Mass Mentoring Partnership as an event sponsor on November 18th at [Grace by Nia](#) and celebrate the transformative power of mentoring in Massachusetts with us. We look forward to the opportunity to celebrate our impact together with the many programs, mentors, and supporters who fuel the movement and make it all happen for more than 40,000 youth across the Commonwealth.

Why join us? Every young person deserves the opportunity to succeed, but too many face barriers to education, career pathways, and social support. Strong mentoring relationships provide guidance, encouragement, and access to resources that help young people thrive in school, prepare for careers, and make positive life choices. Mentoring programs play a critical role in supporting students' academic success and career readiness. Without these programs, many young people—especially those from historically marginalized communities—lack access to role models, guidance, and professional networks. This absence deepens opportunity gaps and limits their future potential. In turn, communities lose out on a generation of prepared leaders, skilled workers, and active, engaged citizens. Massachusetts needs a strong, connected mentoring ecosystem to ensure young people have the relationships they need to reach their full potential, and MMP exists to make that happen.

Will you invest in the collective power of mentoring and join us in Building the Mentoring Movement as a Strategy for Today and for a Better Tomorrow by sponsoring this year's [Cheers! To Mentoring Event](#)? By doing so, you'll join nearly 200 business leaders, public and elected officials, and professionals from mentoring and community-based organizations for an inspiring celebration. The event will feature youth performances, lifetime achievement honorees, high school scholarship awardees, and interactive exhibits—all showcasing the transformative power of mentoring.
