Engage Your Program IN MENTORING RELATIONSHIPS

Since 1992, Mass Mentoring Partnership (MMP) has been the go-to resource for relationship development and capacity building support in the Commonwealth. A state Affiliate of MENTOR National and the leader of the MA Mentoring Movement, MMP believes positive and high quality relationships are a key to preparing, retaining, and supporting those in mentoring programs. We have bolstered this belief, backed with research, by providing training and consultation services, while focusing on relationship-centered practices to improve access to, and the quantity of, positive mentoring relationships in our community.

WHY MENTORING?

Mentoring is good for your program and for your community. Learn more about the proven benefits.

IN YOUR PROGRAM

ATTEND AN MMP CALENDAR TRAINING - Training sessions have been designed to help participants build skills, knowledge, and understanding of what it means to engage in positive mentoring relationships. Training topics include: Empowering Youth-Adult Relationships, Cultural Responsiveness, Youth Voice, and Trauma-Informed to Healing-Centered Relationships.

PROFESSIONAL DEVELOPMENT (CUSTOMIZED, SITE-BASED) - Site-specific opportunities that range from a single session to longer-term projects, curated to address your organizational or programmatic needs. Customized plans may include: team training sessions, population-specific supports, or match recruitment assessment.

CONSULTATION - MMP will support your organization in assessing readiness to start a mentoring program. Our team will provide technical assistance throughout the planning and design process, ultimately developing a mentoring program to meet your specific needs. Mentoring models may include: partner program collaboration for group or individual mentoring, speed mentoring events, or a Success Mentoring Program.

YOUTH CENTRIC EVENTS AND TRAININGS - Work with MMP to create a customized training plan or event, offering support to your program youth engaging in youth-initiated mentoring. Plans can be designed with the goal of developing individuals' knowledge, skills, and ability to develop their own social networks.

ENHANCING INTERNSHIP AND SUMMER YOUTH EMPLOYMENT PROGRAMMING - Work with MMP to ensure your workforce development program is designed for success. A customized plan will be developed to include: training for youth to become supervisors/mentors, training to enhance relationships, population-specific supports, and more, all while ensuring a relationship-centered approach.

"[MMP] offered a valuable four-part series on Wellbeing that greatly enhanced my work as an [individual] engaged with underserved communities. I gained important insights into the complexities of trauma and learned essential strategies for supporting both myself and others. The interactive and accommodating nature of the sessions allowed me to connect the material to my personal experiences."
