BUILDING THE MENTORING MOVEMENT

Since 1992, Mass Mentoring Partnership (MMP) has been the go-to resource for relationship development and capacity building support in the Commonwealth. A state Affiliate of MENTOR National and the leader of the MA Mentoring Movement, MMP believes positive and high quality relationships are a key to preparing, retaining, and supporting those in mentoring programs. We have bolstered this belief, backed with research, by providing training and consultation services, while focusing on relationship-centered practices to improve access to, and the quantity of, positive mentoring relationships in our community.
